How your fundraising helps

Thank you so much for supporting your local NHS charity this winter. Not only will you help us raise vital funds so we can continue to go above and beyond for our patients and staff, but you'll also help raise smiles, letting our colleagues and patients know that they are not alone.

£10

Could provide a gift to a patient having to spend their Christmas in hospital

£50

Could provide a luxury hamper for a ward to share with their colleagues over the festive period

£100

Could help fund festive activities to help keep our patients active during their hospital stay to aid recovery

£1000

Could enable us to buy electronic tablets for our Enhanced Care Team so they can spend 1:1 time with their patients

Health and Safety and the legal stuff

However you choose to host your event, please ensure to follow the latest government guidance for your local area.

We all know the drill by now, but here's a few things you might want to consider if you decide to host a face-to-face event:

- Encourage Facemasks – if you're crafty, why not make some to sell to raise extra money?
- Plenty of space for social distancing
- Have hand sanitiser available

We recommend setting up an online fundraising page so people can donate online and to avoid cash transactions.

For advice on providing food and labelling allergens at charity events, visit the Food Standard Agency website – go to food.gov.uk and search 'charity events'.

For guidance on raffles and lotteries, there are strict laws relating to all lotteries and raffles so please be sure that you are familiar with these and operate your auction or raffle accordingly. There may be circumstances when a license may be required. For more information, please take a look at the Gambling Commissions Website
